Really Hungry for Great 3D?

Choose from our fresh stock items or
special-order custom designs!
We make it easy for you to "Have it your way."

That's no short order! After manufacturing over 500,000,000 paper 3-D glasses, we know we can satisfy your taste for 3d. American Paper Optics, the world's leading manufacturer and marketer of 3D glasses and 3-d products, is your one stop source for anything 3D. A variety of frame styles, specialty optics, full color printing, and intricate die-cutting capability make it easy for you to "Have it your way."

Whether it is a regular stock order of our paper 3D glasses, 3D decoders, Fireworks Glasses, or Anaglyphic Glasses, delivered in lightning speed or a special order of custom printed 3-d glasses, including Eclipse glasses, Holographic glasses, and Polarized glasses, we know you will be pleased with our service, quality and competitive pricing. So, if you're really hungry for great 3D, American Paper Optics is the exclusive manufacturer of ChromaDepth® 3-D glasses, HoloSpex® holographic glasses and True-Vue 3D stereo viewers. For FREE 3D glasses samples, just give us a call, fax or email. We will deliver the hottest 3-D right to your door. No tipping please.
